

Extended Warranty for Surveillix Recording Products

Surveillix Extended Warranty Program

Extend your peace of mind and protect your investment!

Extended Warranty Features:

- Extend the standard 2 year “bumper-to-bumper” limited warranty to three, four or five years.
- Advance replacement available throughout the extended warranty period for components (requires standard security deposit). Full system repair is depot service.
- Factory direct support and replacement.

Toshiba Part Numbers

Part# EW-S3Y (extend warranty to three years)

Part# EW-S4Y (extend warranty to four years)

Part# EW-S5Y (extend warranty to five years)

Warranty FAQ

Q: How do I purchase the extended warranty?

A: The warranty is available through any Authorized Toshiba Surveillance & IP Video Products Reseller.

Q: Can I purchase the extended warranty even after I have had the Surveillix system for a while?

A: Yes, as long as the initial two year warranty has not expired. To verify if your system still qualifies, call Toshiba Technical Support at 877 855 1349. Please be prepared to provide your system serial number on your extended warranty order. We will need this to accurately process an order on a pre-existing system.
